

Meet a Life Scientist Friday, October 31

Kirsten Jensen, Associate Professor at the University of Kansas

Dr. Jensen is a parasitologist who specializes in coevolution and the systematics, diversity, and biogeography of tapeworms that parasitize sharks and rays.

- Meet a Life Scientist at **10:30 to 11:20 in LSW 102**. Undergrads are encouraged to come and ask questions about Dr. Jensen's work and career. Refreshments will be provided.
- Seminar at **3:30 to 4:20 in LSW 103**. "Tapeworms of sharks and rays: phylogeny, diversity, and life cycles"
